A motion was made by Commissioner Collins to table the appointment of Amber Crane until the June 15, 2015 meeting when Commissioner Hilderbrand will be back. The motion was seconded by Commissioner Napier. The motion carried 2-0.

Leonard Vanatta - County Road Supervisor
Gene Langerot - County Lot Supervisor

They appeared before the Board on routine county road business. They reported that the high water from last week's rains is slowly receding, but not all has completely subsided.

A motion was made by Commissioner Collins to approve the Minutes of the BOCC Meeting for May 18, 2015. The motion was seconded by Commissioner Napier. The motion carried 2-0.

Department Heads - Monthly Reports

They met with the Board for their routine monthly meeting with the following department heads present: Barbara Bilke, Register of Deeds; Betha Elliott, Health Department; David Groves, Sheriff; Deana Randall, Human Resources; Jason Allison, Emergency Preparedness; Mark Hixon, Assistant Appraiser; Paula Cheney, Deputy County Clerk; and Wayne Elliott, 911 Addressing & Mapping.

They appeared before the Board to update them on current happenings in their departments.

Barbara Bilke - Presented a written report.

Deana Randall - The mid-month cut-off is June 8th and end of the month cut-off is June 17th. She still hasn't heard back from the county's blood work participation that was done in May to see who met their medical goals and will receive a Walmart gift card.

Jason Allison - He reported no major damage from the flooding from last week's excessive rain. He also presented the Commission with a list of rural storm shelters.

Betha Elliott - She reported business as usual. She will be going to a conference in Kansas City in July. She also has Regional 8 Preparedness Funds coming in that need to be used by the end of June, and will use that to help update the conference room at the Health Department.

David Groves - Galena Days starts this coming Thursday. They have an inmate detail that will help with the setup. The "Click It or Ticket" campaign for Memorial Day weekend is completed. They are working to iron out the bugs in the courthouse security system, and they are also working with Judge Marsh on the security upgrades to the video conferencing in the courtroom.

Mark Hixon - He reported that the Appraiser's Office certified Real Property and Personal Property values to the Clerk's Office last week. They have almost completed the 2015 hearings. They are still working on updating the county's parcel maps, and next will be the updating of the Ag use values in the county. This should all be completed later this year by September or October.

Paula Cheney for Rodney Edmondson - She reported that Rodney is in Wichita for a third consecutive year for his Clerk's Certification. She also reported that the Clerk's Office is still waiting for the governor to sign off on the new Election Bill, which had not yet been done by late last week.

Wayne Elliott - His office sold \$93.00 in maps and issued one new 911 address last month. He also wants the newspapers to run a statement saying that registration of storm shelters is now free, instead of the previous \$40.00 registration fee.

Terry Clugston - Deputy Sheriff

He brought into the Commission an estimate for repairs on dispatch radios, repeaters, and towers at the Sheriff's Office. The approximate cost will be \$22,500.00 or less. The repair company is out of Topeka, and it will take about two days on site to complete the repairs. All of the repair costs will come from the 911 funds. A copy of the estimate paperwork was left with the Clerk.

A motion was made by Commissioner Collins to accept the estimate for the dispatch repairs to be made at the Sheriff's Office. The motion was seconded by Commissioner Napier. The motion carried 2-0.

Commissioner Collins made a motion to adjourn until the next regularly scheduled meeting set for June 8, 2015 at 9:00 AM. The motion was seconded by Commissioner Napier. The motion carried 2-0 with all voting yes at 11:40 AM.
