

## **Tuesday, July 7, 2020 Local Briefing Notes**

### **Locally**

Three Cherokee County residents who had previously tested positive have since recovered. Unfortunately, one of our residents, a man in his 70's, passed away earlier today. The man had underlying health conditions and just received his positive test results earlier today, before passing away at home.

### **Statewide**

During our afternoon statewide call, KEMA reported the EPA has approved 2 disinfectant products which has proven to kill Covid-19 in less than two minutes.

The State Board of Education plans to roll-out it's plan for the upcoming school year next week.

### **Nationwide**

**John Hopkins University** reports 11,688,913 COVID-19 cases worldwide since tracking began. This includes 539,993 deaths reported globally. Domestically, they report 2,953,423 positive cases, 130,751 deaths and 924,148 recovered.

Below is our local daily positive report.

Thanks!  
Sheriff David Groves
