

Cherokee County Announces Additional Death During Covid-19 Pandemic

Cherokee County Officials announced the recent passing of a woman in her 90's on Wednesday. The woman was positive for Covid-19 at the time of her death.

“The loss of a family member is always difficult, but even more so during these trying times. Our team at the Cherokee County Health Department extends our sympathy to the families of those who have passed away during this pandemic,” stated Health Department Administrator Betha Elliott.
